

ElkLink Alarm Company Account Application

An ElkLink alarm company account is required to activate and manage C1M1 Dual-Path Alarm Communicators. An active Telguard alarm company account is required for approval of an ElkLink alarm company account, which limits activation to professional alarm companies. Consumers must contact a professional installer for purchase and activation.

Please complete all fields unless marked optional. Return completed form via email to accounts@elklink.com or fax to (828) 397-4415. Please allow 1 to 2 business days for processing. Admin contact will receive email notification when account setup is complete.

Alarm Company Information

Legal Name of Company: _____

State or Local Business License: _____ Telguard Dealer #: _____

Company Address: _____

City: _____ State: _____ Zip: _____

Company Phone: _____ Company Web Site: _____

Name of Company Principal (Owner, President, CEO, etc.): _____

Administrator of Your ElkLink Accounts

Enter the contact details for the person who will serve as the administrator for your ElkLink Alarm Company account.

This person will receive an email invitation, allowing initial setup of the ElkLink Alarm Company account. We suggest this be either your Office, Installation, Service Manager, or even a lead Technician. After completing the initial setup, the alarm company admin can add/invite others in the company to create their own login to the ElkLink Alarm Company account.
